- Jaypee international school
10th, Mathematics (81.8%)
Completed in 2018

About Me

I'm a Front-end Developer with 6 months of experience. I specialize in creating user-friendly and responsive websites using HTML, CSS and JavaScript. I'm passionate about creating clean and efficient code that delivers a great user experience. I'm always looking for new challenges and opportunities to grow my skills as a developer.

Professional Experience

GirlScript Summer of Code | Open-Source Contributor 2023-05 - 2023-08

I am currently an active participant in GSSOC'23, the GitHub Student Open Source Competition. As a contributor, I am actively involved in the various projects, collaborating with the team to enhance its features and functionality. My role includes developing new components, improving code quality, and fixing bugs. Through my contributions, I have been able to apply my skills in HTML, CSS, and JavaScript to create responsive and user-friendly interfaces.

TechnoHacks EduTech Official | Web Development Intern 2023-06 - 2023-07

Key Skills:

- Front-End Development
- User Interface Design
- Cross-Browser Compatibility
- Collaboration and Teamwork
- Testing and Debugging
- Code Optimization

Projects

1. Personal Portfolio:

Key Achievements:

- Created a responsive and visually appealing design to showcase my work and skills.
- Implemented smooth transitions and animations for a better user experience.
- Utilized JavaScript to enhance user interactivity and provide dynamic content.
- Incorporated SCSS for more organized and maintainable CSS code.
- Ensured cross-browser compatibility and optimized performance.

2. Education Website:

Key Achievements:

- Created a responsive and visually appealing design to showcase my work skills.
- Implemented smooth transitions and animations for a better user experience.
- Utilized JavaScript to enhance user interactivity and provide dynamic content.
